To the
Governor of the State of Wisconsin
Dear Sir

I am the owner of a Wrought Iron Cannon (6 Pounder) which I wish to dispose of. I have written Col Talcott, the head of the Ordnance Department at Washington, on the subject. he says to me, that if I can dispose of it to the Governor of any of the States, he will furnish the Carriages & mounting the Gun, this piece was tested by Col Talcott while he was in command at Watervliet N.Y. he shot it in the very highest tests of the Gun & think them superior to Brass. I have now in my possession an order from Government the Department for three pieces similar to the one I have here, but have not the means to make them, as the expence of preparing to make the number would eat up the and I would receive for the Guns. my price for the piece I have here is Two Hundred & fifty Dollars. which is just half what I was to receive could I have filled the order for the three pieces. it was the intention of the department in case I had furnished the Guns to have placed them by the side of Brass pieces & fire them till one or the other gave out. please write me if the Gun is wanted.

Very Respectfully Your Obt Servt

Sir. On my return last evening from New York I found that I had been appointed one of the Commissioners of revision for the State of Wisconsin. Circumstances render it impossible for me to accept the office. Gratified with notice taken of me by the Legislature as evidenced by the appointment itself, I must respectfully resign said office as one of said Commissioners.

Sir:

Having discharged the trust reposed in me by Law, in relation to the Beetown property, by Conveying to Claimants, the Lot or lots, confirmed and registered to each; by deeds duly executed and acknowledged, Complying, strictly, with the act of the Territorial Legislature, Approved 13. March 1848; I deem it proper to inform your Excellency officially of the fact.

I discover that there is likely to be some further Legislation upon the subject, and it may be important that the Executive should know officially, that the trust has been fully discharged, in pursuance of Law, and the titles consummated in the Claimants, whose Claims have been confirmed and registered, to the full extent of the entire land held in trust.

Thursday August 9th 1848

Dear Sir,

Your letter of the 4th inst. tendering me, and appointment to fill the vacancy in the Board of Commissioners appointed by the Legislature to revise the Statute Laws of this State is received. Permit me to say, that this marked expression of your confidence & regard, wholly unsolicited on my part is received with deep sensibility; & distrusting as I do my ability to discharge the duties devolving on a member of that Commission to the satisfaction either of the public or myself, this Confidence of yours gives me the more assurance to accept the trust so generously tendered. I feel that it is a station not to be sought, imposing as it does duties the most arduous & responsible, & should I consult my ease or pecuniary interest, I should decline the intended honor, but reciprocating the Spirit which prompted the selection, I accept the appointment so disinterestedly tendered,

confiding in the kind indulgence of a
generous public, who will forgive much of
error, where honesty of purpose & unwearied
industry, which are the chief qualifications
I can promise, are exerted in their service.

An Act relating to Stationary

The People of the State of Wisconsin, represented in Senate and Assembly do Enact as follows.

Sec 1. No Stationary shall hereafter be purchased for the use of any member of the Legislature of this State, but in lieu thereof the sum of five dollars is hereby annually appropriated to each member of the Legislature to be expended for such articles of Stationary for their use during the sitting of the Legislature as each of them may think proper.

Sec 2. The sum of twenty five dollars is hereby annually appropriated to each of the Chief Clerks of the Senate & Assembly for the purchase of Stationary for the use of their respective offices and no further allowance shall be made for Stationary for those offices unless the same shall be especially ordered by a vote of their respective houses.

Sec 3. The Governor of this State is hereby authorized to Contract in the manner provided for in the Constitution for such books and Stationary for the use of the State offices as he may think proper.

His Excellency Governor Dewey

Dr Sir.

I learn that there is considerable doubt in the minds of many, whether the vote of Wisconsin can count in the Presidential election. There is no provision in the general election law defining the place of meeting of the Electors

The second section of the act of Congress 1st March 1792 declares "that the Electors shall meet & give their votes on the said first Wednesday in December, at such place, in each State, as shall be directed by the Legislature thereof." The question now is whether this is merely directory. If not, and imperative, how can the defect be cured? Would a proclamation from the Executive directing them to meet at the Capitol, save the vote? Or will a Special Session be necessary? Not Knowing whether you have the Election law I take the liberty of sending you a printed Copy

Sir.--

We beg leave to call your attention to a resolution of Congress (a copy of which is annexed) "providing for the distribution of weights and measures" - upon inquiry we cannot learn that the "weights and measures" mentioned in the resolution referred to, have ever been transmitted to the Governor of Wisconsin.- We presume that if the matter should be called to the notice of the Secretary of the Treasury by you, this State would be furnished with the Standards. If such Standards can be obtained and deposited in the Offices of the Secretary of State or Treasurer at Madison, it will be very convenient for us to refer to them in the Act on the subject of "Weights and Measures" which we may hereafter report to the Legislature for its action.

Section 2 of an act to provide for the support of the Military Academy of the United States for the year 1838, and for other purposes" approved July 4th 1838, provides "that the Secretary of the Treasury cause to be made under the superintendence of Mr Wurster, one standard balance for each State, and when completed, that he cause them to be delivered to the respective Governors for the use of the respective States". It would be a benefit to the People of this State if the "balance" mentioned in the above extract could also be obtained.

Sir,

In the month of Nov. 1846, I took a voucher, for the payment of money to a man at Green Portage, Portage Co, Wisconsin, which was authenticated, by one E. S. Munn, of that place, as a Justice of the Peace. My account is suspended at the Treasury Department, and evidence required that Munn was a Justice.

I have ventured to trouble your Excellency to look at the Records in the Executive office, (or to allow the Secretaire to do it) and to furnish me a certificate of Munn's appointment as a Justice, that I may be able to satisfy the Auditor of the facts.

Dear Sir

Enclosed we forward you the bill of goods sent you some days since, including the full amount of Books. Stationery except the Lawyers Taste and a portion of the Seals, as we did not know the size of the wafer used, we could not get them from the East with the other things ordred, and could forward only those which we could obtain here. We have forwarded an order for the additional quantity. Our order for the Lawyer's Taste, was returned from Boston with the reply that no such article as we described could be found there or in New York. We do not know whether the failure to obtain it was from the unusual width or not, though we think that it was.

As the goods have been packed at two or three different times, there may have been error occured. If so please inform us. We wait your direction in relation to the Taste

Madison Dec 13. 1848

Hi Ely Culler Esq

a Gon Secy

Sir Vc.

Sir William Dorsey Esq of Georgetown D.C holds five bonds of the Territory of Wisconsin of 1000 dollars each all of which are due or soon to become due and five Coupons for the interest on the said bonds fully due on the 20th instant. The Territory engaged to pay the interest on the Coupons as they fell due at the Bank of America in the city of New York and also the principal as we believe. These bonds are a part of the Canal loan or Canal Bonds and to these items is probably to be added but they were fairly negotiated and bona fide held by the holders who highly respectable from they transmitted they entered nearly all their means for support. If there are any doubts as to the liability of the Territory or State to pay these bonds, that doubt can not exist now, The State has now the whole proceeds from the sale of the Canal lands, but fail of receiving these

of the Bonds, & have also paid to Mr Daugherty the interest on the bonds with the exception of the five following coupons due on the 20th inst.

There is no longer any doubt that the State intends to pay these Bonds and the object of the undersigned is to request your Excellency to lay the subject before the Legislature at the next Session, Mr Daugherty enclosed to us a petition to the Legislature last Spring, praying that the State would allow him the interest on the Coupons that were not paid at Maturity & the difference in exchange between Madison & New York, he having been paid here & put to the expense of Collection His petition also contained a proposition for the payment of the Bonds. This Memorial was not acted upon at the last Session as there were no means in the Treasury to pay even the Current expences of that Session. The Committee thought the claim a just one & that it was no more than equitable that the State should fulfill the Contract of the Territory. Money when it is due, is entitled to draw interest, and the Territory not having paid the Coupons as they

full due in the City of New York as stipulated
it is no more than Just & equitable that
the State should pay interest on them
for the time they were due until paid
and also the rate of exchange between
Wisconsin and New York.
We will transmit Mr Daingerfield's communica-
tions to your Excellency when an opportune
offers, and should be pleased to have
the subject laid before the Legislature
With great respect
your Obedt Servt
Chas D Williamson
